Housing State Inmates Survey
January 2018

Nez Perce	Yes	Yes	\$75/day	I believe a State inmate should be at the rate as other inmates because they are housed the same (bedding, food, safety checks).
Owyhee	Yes	No	\$45/day	I want paid slightly under what it would cost to house them out of state.
Payette	No	Yes	\$65/day	We would prefer the higher rate of \$75, settle for \$65.
Power	Yes	Yes	\$65/day	What the state is paying now does not cover our cost per inmate per day.
Shoshone	Yes	Yes	\$55/day	Female riders are frequently sitting in our facility 1 to 2 months prior to transport.
Twin Falls	No	Yes	I would not voluntarily hold IDOC inmates	If we had inmate beds available we would house IDOC inmates for \$75/day. We are crowded due to IDOC not having space for their own and taking up all of the county beds available.
Valley	Yes	Yes	\$75/day	Currently holding sentenced state inmates from other counties. We do count on the revenue and are not pressing IDOC to come get their inmates as we have space for them, unless the inmate is unruly and IDOC does come get them.
Washington	No	Yes	\$65/day	We hold US Marshal inmates at \$57 a day. To voluntarily hold IDOC inmates the rates would need to be at least \$65.
